Your Weather

At our seminar location, the weather is forecast to be sunny. Temperatures will be between 15 and 24 degrees °C.

Money Matters

ATM machines are available in the arrivals hall of our destination airport. To change money taking some smaller bills in CHF or EUR is advisable.

To use your credit or debit cards abroad please check that they don't have any geoblocking restrictions.

Further practical information

At the seminar location, breakfast is included, on the stopover not (good options around).

Please check your travel insurance beforehand and take your medical insurance card with you (and of course any medication you will need during the trip).

In many european countries more attention should be given to personal belongings than in Switzerland, particularly in crowded places or on public transport.

Your presentations

Your presentations should be ready once we meet in the seminar room (which will be on Saturday and Sunday). They should be approximately 15 minutes to allow sufficient time for discussion.

If you would like to show powerpoint slides, please bring them on a USB device. The room will be set up with a projector.
